"You are true to your word."

Dear Rich:

My wife and I would like to thank you for helping us sell our home. We had it on the market over 6 months with another realtor, and there had been only one offer with no counter offer. Although skeptical about your staging method of selling, we both agreed we needed to do something, so we signed on. We "de-cluttered" every room and moved unnecessary furniture to the garage. We added silk trees and even put the roses where you suggested. Our home looked like a model house by the time we were finished.

Within 2 weeks the house sold!! We would recommend you and your staging program to anyone who wants fast results. Thank-you for all your help and support while going through the selling process. You are true to your word!

Sincerely,

Bernie Von Der Lieth
